When the sun goes down it sets the

5

S. clouds on fire the clouds on fire

A. clouds on fire

T. clouds on fire the clouds on fire

B. clouds on fire the clouds on fire

This tag was adapted for a virtual performance. I have removed the fermatas on the word "down" and the final chord and added a click track so that it can be done remotely. For an excellent tutorial on this, please see Sonny Vande Putte's "Tag of the Month" on youtube.
