

I Could Have Said No

Arranger: James Williams

The image shows a musical score for two voices: Tenor Lead and Bari Bass. The music is in 3/4 time and consists of eight measures. The Tenor Lead part starts with a treble clef and a key signature of one flat (B-flat). The Bari Bass part starts with a bass clef and the same key signature. The lyrics are written below the Tenor Lead staff. The score includes first, second, third, and fourth endings, indicated by numbers 1, 2, 3, and 4 above the notes. The lyrics are: "I could have said no - . I'm so glad I said yes!"

Based on the original poem by Daniel Caesar:

I Could Have Said No

Back when my high school teacher said:
"Daniel, we need more bass in the chorus, and bad",

I could have said no.

When I went to Uni, just trying to get through,
And someone asked me to join their a cappella group,

I could have said no.

And when one of the guys suggested
We sing a so-called 'barbershop song',

I could have said no.

Now, 5 years later, I am where I belong,
With my friends, my family, and everyone I like best,

And every day I am glad I said yes.
