It only takes a moment
And that is all that loves a bout and we'll recall when time runs
And that is all that loves a bout and we'll recall when time runs
And that is all that loves a bout and we'll recall when time runs
And that is all that loves a bout and we'll recall when time runs

out that it only took a moment to be loved a whole life
out that it only took a moment to be loved a whole life
out that it only took a moment to be loved a whole life
out that it only took a moment to be loved a whole life
out that it only took a moment to be loved a whole life
